

LOWER TOWNSHIP FIRE COMMISSION

**SECOND DISTRICT
P.O. BOX 724
NORTH CAPE MAY, NEW JERSEY 08204**

Minutes of the Minutes of the September 15, 2014 Meeting

The regular monthly meeting of Fire District 2, Lower Township, Cape May County, New Jersey was called to order at 20:00 hours by President Brown at the Town Bank Fire House, 224 Town Bank Road, North Cape May, New Jersey.

President Brown read the statement of compliance with the "Open Public Meetings Act" and pointed out the fire exits to the public in attendance.

After flag salute, roll was called; Commissioners present were Andrews, Brown, Conley, Nolan and Prendergast and Charlotte, "Missie" Taylor (now Axelsson) Financial Data Specialist. Also in attendance were 4 firefighters, and no other members of the public.

MINUTES

1. The Minute of the August meeting were unavailable due to the Secretary being hospitalized.

TREASURER'S REPORT

- Prendergast reviewed the Treasurer's report; a copy of the report is attached to the original minutes and made a part hereof. Bank of America refunded the analysis fee for 6/14 in the amount of \$91.42 and for 7/14 in the amount of 77.38, but no interest was credited for the last two months. A motion to approve the report was offered by Conley and seconded by Andrews; voting yes, Andrews, Brown, Conley, Nolan and Prendergast; voting no, no one; abstaining, no one.
- The Commissioners reviewed all bills that were submitted to the Treasurer in proper form. Resolution 14-01.09 authorizing payment of those bills, in the amount of \$28,153.46 was offered by Conley and seconded by Nolan; voting yes, Andrews, Brown, Conley, Nolan and Prendergast; voting no, no one; abstaining, no one.

CORRESPONDENCE

The Secretary read the following correspondence:

1. NONE.

LOWER TOWNSHIP FIRE COMMISSION

SECOND DISTRICT

NORTH CAPE MAY, NEW JERSEY 08204

Minutes of the Minutes of the September 15, 2014 Meeting

TOWN BANK VOLUNTEER FIRE COMPANY REPORT

Chief Megonigal reported the following:

- Report of the month's activities; a copy of the report is attached to the original of these minutes.

BUREAU OF FIRE SAFETY REPORT

- Conley who is the Board's representative to the Bureau reminded everyone that the Fire Bureau Board does not meet in June, July and August; therefore there are no minutes for August.

OLD BUSINESS

- *The Chief reported a growing building crack in the southeast corner of the engine bay. Conley has look at the crack and it looks like a settlement issue. The Commission authorized Conley to contact a structural engineer to look at the situation and make recommendations. (03/08).*

Conley reported that he contacted Edward P. Ryan, PE, a structural engineer who met with Conley and Brown to look at the building. Mr. Ryan's preliminary determination was that the cracking is due to settlement but there is no immediate danger. He will prepare recommendations and specifications for the repair of the settlement as well as the cracks in the near future. (04/08)

Conley reported that he has received the details from structural engineer, Edward P. Ryan and will coordinate with Richard Braslow and Ryan to put together a contract to perform the work recommended. (06/08).

Nolan inquired as to the status of the crick repair. Conley responded that the District is in the process of having a contractor look at it and provide an estimate to see if the repair needs to be bid. He also reported the Mr. Ryan had reported that there is no immediate danger, and budget constraints had moved this repair a little lower on the priority list, but not forgotten. (06/12)

LOWER TOWNSHIP FIRE COMMISSION

SECOND DISTRICT
P.O. BOX 724
NORTH CAPE MAY, NEW JERSEY 08204

Minutes of the Minutes of the September 15, 2014 Meeting

- *Scott Brown asked if there was some types of sealer that can be used to stop the damage to apparatus aprons that have sever salt damage. He has seen repairs to bridge surfaces that were temporarily repaired rather quickly. Brown volunteered to discuss it with a friend who is a masonry contractor and Conley will talk to the County Engineer who may have specified the repairs to the County Bridges. (06/12)*

Brown reported that Jay Blackley of Blackley Concrete will look at the driveway and make a recommendation (07/12)

Brown reported that Jay Blackley reported that there is no fix the driveway apron will need to be removed and replaced. Conley requested that Blackley provide us with a cost estimate to do that work so that we know if we would need to bid the project and look for the money to pay for the replacement. (08/12)

Brown reported that Blackley has provided a proposal to remove the existing concrete and replace it with the same strength reinforced concrete for \$24,860.00. This is above the bid threshold and obviously will need to be bid.

Conley suggested that if total replacement is necessary, we should look into retaining a structural engineer or architect to design a heating system into the apron and then there would be no need to have salt on it. Conley will look into finding an engineer or architect with the appropriate experience. (09/12)

Conley reported that he has not been able to get Jay Blackley (concrete mason) to respond with a cost for a temporary winter patch. Brown will reach out to Troiano Concrete to see if they can do a temporary patch to get us through the winter months. (12/12)

Brown reported that he has contacted Ernie Troiano, Jr. of E. Troiano & Sons Concrete who will perform a temporary patch on the driveway for an estimated cost of \$2,100.00 as outlined in his letter of December 21, 2012. Conley reported that he has contacted, in writing, Thomas Lipski of PEOSH to request an extension of time to repair the driveway apron. A motion was offered by Andrews and seconded by Nolan to approve E. Troiano and Sons Concrete's proposal and authorize the work, voting yes, Andrews, Brown, Conley, Nolan and Prendergast; voting no, no one; abstaining, no one.

Conley presented a proposal from M V Engineering of Cape May Court House, NJ for providing the design, bid preparation and administration, and construction observation of the permanent driveway apron replacement for an estimated \$11,200.00 as contained in their written proposal. Resolution 13-20 Approving the award of the contract with Brian Murphy, PE of M V Engineering for the Design and Inspection of the Driveway Apron Replacement was offered by Andrews and seconded by Prendergast voting yes, Andrews, Brown, Conley, Nolan and Prendergast; voting no, no one; abstaining, no one. (01/22/13)

LOWER TOWNSHIP FIRE COMMISSION

SECOND DISTRICT
P.O. BOX 724
NORTH CAPE MAY, NEW JERSEY 08204

Minutes of the Minutes of the September 15, 2014 Meeting

Brown reported that the driveway apron will be repaired with a temporary concrete patch by E. Troiano and Sons on Wednesday 2/27/13. (02/13)

Conley reported that the driveway apron was repaired on February 27, 2013 on schedule and he emailed a notice to Thomas Lipski of PEOSH along with photos of the completed driveway. Conley continued the report by telling all that Thomas Lipski emailed back that he would be issuing a letter indicating the violation has been abated. (03/13)

Conley reminded all that we have received preliminary plans and specifications for the permanent driveway replacement from MV Engineering. We need to decide when we want the driveway advertised, what is going to be included in the contract, such as fencing and/or security for the apparatus to be stored outside during the replacement of the apron and the concrete curing time. (03/13)

Conley discussed the need to meet to discuss how to deal with the apparatus security which will need to be outside the building during the removal and curing of the concrete apron. The meeting was set for April 22, 2013. (04/13)

Brown reminded everyone that only Conley and he showed up for the April 22 meeting and rescheduled for June 24, 2013 (05/13).

Conley reported that he has met with the engineer and reviewed the details for staging the apparatus out of three contiguous bays and then wait until the concrete has cured and then the next three contiguous bays can be poured. He also reviewed the parking lot driveway that needs to also be replaced as well as the concrete curb that also needs to be replaced. There will be a new concrete ramp created from the parking lot to the sidewalk on Town Bank Road so that the access from the parking lot in front of the engine bays can be fenced off or landscaped to prohibit access. (08/13)

Conley reported that he has not received the plans and specifications yet from the design engineer (12/13)

Conley reported that MV Engineering has worked with a relatively new high-early concrete additive that does not contain corrosives. The product is known as Sika Rapid and MV recommends taking more than the usual samples of each of the concrete pours and begin breaking the samples after 7 days, on a project that they tested this additive on, the concrete reached 4,000 pounds break in just 14 days. They are scheduled to have the revised plans and specifications to us by the end of May to go out to bid. (03/14)

- Past President & Past Chief Treon who is now with Cape May County Office of Emergency Management, requested and was granted a place on the July meeting agenda to appear with Director Martin Pagulugi to discuss a possible memorandum of understanding (MOU) to utilize the multi-purpose room during emergencies and natural disasters. (06/14)*

LOWER TOWNSHIP FIRE COMMISSION

**SECOND DISTRICT
P.O. BOX 724
NORTH CAPE MAY, NEW JERSEY 08204**

Minutes of the Minutes of the September 15, 2014 Meeting

Conley distributed a sample copy of the memorandum of understanding that was generated for Upper Township to each of the Commissioners, Chief Megonigal and President Marchino for review and to generate some comments. (09/14)

NEW BUSINESS

1. It was decided that we would have a budget preparation workshop on Monday October 27, 2014 at 7:00 pm for the purpose of preparing a draft 2015 budget for consideration.
2. Conley reported that the 2014 Audit for the 2014 calendar year should be completed soon and will probably be reviewed at the next meeting.
3. Conley reported that there the compressor for the air system that services the front lobby is down and he will get a proposal from CM3 Building Solutions to repair or replace it.
4. A new purchase was authorized from MTS Electronics, LLC, Cape May Court House, N.J. in the amount of \$2,693.00 for a new depth finder consisting of an echo sounder module, ethernet hub, hub adapter cable, transducer, and installation, for Marine 61-1.

PUBLIC PORTION

There being no further business, the meeting was adjourned at 20:18 hours by a motion by Nolan and a second by Prendergast.

Respectfully submitted,

Lewis H. Conley, Jr.
Secretary/Commissioner
